

# Fee For Service Programs

Interchange offers a range of client-driven, planned programs and opportunities for individuals who have a diagnosed disability and live in the Loddon-Mallee region.

**Fee For Service** works to provide flexible and responsive community based activities to enhance skills development working on individual goals and social opportunities for clients who have individualised funding. Interchange staff will work with you to organise your best care options.

The level of **Fee For Service** you receive will be determined by the type of individual funding you have. Interchange provides competitively priced care to help you get the most from your funding package.

“Our Choice” is an Interchange **Fee For Service** Day Program at a competitive price that provides opportunities for participants and their families to direct services to achieve personal goals.

Interchange Coordinators can organise and facilitate day programs, after hours activities and holidays – both one on one and groups.

Contact Interchange today on  
03 5441 1599 or via email on  
[info@interchangelm.org.au](mailto:info@interchangelm.org.au)
