

School Holiday Programs and Camps

Kids ■ Teens ■ Adults

Interchange Loddon-Mallee Region host programs and camps throughout each school holiday period for participants with a diagnosed disability.

The programs are HACC funded and enable the participants to experience social activities with their peers within the community and throughout Victoria.

On these programs we facilitate fun activities for all to participate in and at a level that suits the participant's abilities. Whether it is singing and dancing, creating with craft or outdoor activities like horse riding or ball games, the participants always have a fantastic time.
